

# TRUC HUYNH

Enthusiastic Software Developer with a passion for innovation and a hunger for learning. Possessing foundational experience in professional web development with exposure to JavaScript ES6, ReactJS, Node.js. Adaptable and eager to take on new challenges, with a strong commitment to continuous learning and growth.

---

## EXPERIENCE

### SOFTWARE DEVELOPER

NFQ | 2020 - present

- Developed Shopify themes for Emma - The Sleep Company using HTML, CSS, JavaScript, Liquid, and jQuery.
- Implemented React and Node.js applications within Shopify, enhancing functionality.
- Led the development of a price-scraping module for iPrice Group, improving real-time price comparison.
- Collaborated with teams to ensure seamless user experiences and meet client needs.
- Utilized Agile methodologies while **preparing for the AWS Solutions Architect Associate certification.**

### INTERN TURNED IOS DEVELOPER

dwarves.foundation | 2019 - 2020

- Contributed to Sol app development using Swift and RxSwift for smooth user experience.
- Collaborated on feature refinement, improving app usability and performance.
- Transitioned from Golang intern to iOS Developer, showing adaptability.
- Engaged in continuous learning, expanding skills in mobile app development and Swift.

---

---

## PROJECTS

### Sol - Travel Planning App

- Conceptualized and developed a user-centric travel planning app, focusing on intuitive design and seamless user interactions.

### Price-Scraping Module

- Engineered a robust price-scraping module from scratch, employing Python and Scrapy framework to extract and analyze data from multiple sources.
- Designed an intuitive dashboard interface for users to monitor and manage scraped data efficiently.
- Integrated machine learning algorithms to identify pricing trends and anomalies, providing valuable insights for decision-making.
- Client: iPrice Group

### Custom Shopify Themes

- Designed and developed custom Shopify themes tailored to client brand identities and business requirements.
- Collaborated closely with design and marketing teams to ensure themes reflected the brand's vision and values.
- Implemented advanced customization features, such as product configurators and dynamic pricing modules, to enhance e-commerce functionality.
- Client: Emma - The Sleep Company
